

TJS Science and Fine Arts Fair 2025

The Journey School's Science and Fine Arts Fair is Friday, May 16, 2025 at 1:00 PM. Each student will enter an exhibit in one of four categories. The four categories are science, writing, music, or arts/craft. A panel of three judges will score the exhibits according to the student's age and grade level. Awards will be based on individual scores and level achieved.

Please select which category and return this note by Wednesday, January 22nd. Parents and families should be actively involved in these projects! Parent/Family assistance, help, and guidance is needed throughout these projects in order for the students to succeed at their highest level! The possibilities for each category are endless and are up to each individual.

Remember there are no kits or pre-made items allowed for the Science and Fine Arts Fair.

Student's name _____

Grade _____

Please select the category and list the title/description you would like to enter as an exhibit:

_____ Science _____ Writing _____ Art/Craft _____ Music

Title/Description:

Student's Signature _____

Parent's Signature _____

TJS Mission is "To provide all students with the values, skills, and knowledge needed to embark on their life-long journey to success."
